

UNEVEN TERRAIN? NOT A PROBLEM WITH BUILT-IN LEG LEVELERS

1. VERSATILE WORKSPACE

Quick and easy to adjust from storage to multiple project-specific positions, including A-frame, extension, 90-degree, staircase and trestle-and-plank scaffolding.*

*Trestle Brackets™ sold separately

2. EASY ADJUSTMENT

Using the Rapid Lock™ extension system is as easy as twisting, extending to your desired height and retwisting.

3. LEVELING LEGS

Uneven terrain? Not a problem. Stabilise your ladder with Ratchet™ leg levelers, offering up to 18cm of adjustment (on one side only).

4. QUICK TRANSPORTATION

The Leveler's Tip & Glide™ wheels make for fast and easy transportation. Never carry your ladder again.

PRODUCT DESCRIPTION:

Whether you're working on difficult terrain or setting up your ladder on a staircase, the Little Giant® Leveler™ makes uneven ground into a sturdy, safe and dependable workspace. Quickly change from extension to A-frame to 90-degree ladder with the twist of a Rapid Lock™, and extend the Ratchet™ leg levelers for up to 18 cm of adjustment (on one side only) for unlevel surfaces.

Lifetime Limited Warranty • 150kg Australian Industrial Rating AS1892.1:2018
